16K999 Complaint Inspection

Compliance Date: Not Specified
Not In Compliance
Violation Reference - HSC

Inspector Comments: This department received a complaint of complainant stated both front and back refrigerators have not been working since Friday (4/26/13) night.

Findings:

Observed all units at the facility are working properly. Walk-in freezer thermometer indicated a temperature of 9F and walk-in refrigerator temperature indicated 38F. Temperature taken at all potentially hazardous foods in the walk-in refrigerator and in the front display unit registered from 38F – 41F.

Operator stated the facility noticed the walk-in refrigeration unit was in disrepair on Sunday (4/28/13) morning. Operator stated all foods in the disrepair unit were discarded while the repair took place. Operator stated foods were transferred in from other stores in the area and were held at the front display unit while serving customers. Walk-in unit was repaired and running in about 2 hours later. Observed repair invoice to the unit. Observed facility does have other refrigeration source in the event if the main refrigerator in disrepair. Re-capped with operator of the required hot and cold holding temperatures to all potentially hazardous foods.

No future action revealed at this time.

Violation Description: A complaint report has been received by Environmental Health.

Overall Inspection Comments

Complaint has been addressed and is now closed.
