### RETAIL FOOD PROTECTION - Public Eating PI (100-Up Seats)

#### 16K994 Reinspection

**Compliance Date:** Not Specified

**Not In Compliance**

**Reference** - HSC

**Inspector Comments:** During the routine inspection on 03-10-15, conducted by district inspector Syed Farook, a problem with the prep refrigerator was observed. The inspector had observed that potentially hazardous foods were not being properly maintained at 41F or below.

During the re-inspection on 03-12-15, observed thermometer in this prep refrigerator at 46F. Observed food inside the prep refrigerator in the upper 40sF. (See complaint investigation report for more information).

Manager stated that a repair person had come and said the refrigerator was fine. Observed that the refrigerator is still not functioning properly.

Ensure to provide repairs / maintenance to the refrigerator, so that food is properly maintained in cold holding at 41F or below. Manager stated that he will contact refrigeration repair person to provide repairs.

A billable re-re-inspection will be conducted to confirm that this refrigerator can properly maintain food in cold holding at 41F or below. This will be conducted after facility is re-opened (facility has been closed due to imminent public health hazards - see complaint investigation report for more information).

**Description:** Reinspection conducted at this time to determine compliance from prior inspection.

#### Overall Inspection Comments

No summary comments have been made for this inspection.
