Violation Description: This poultry ranch is in compliance with the City of Yucaipa Ordinance Number 216.**Overall Inspection Comments**

Inspection found:

Adult fly population observed to be light to medium at time of inspection.

Water system leaks still exist but due to heavy rain I was unable to determine why manure was so wet. Will wait till next inspection to decide if inspection should be billable.

Adult bait stations need service because of rain.

Frequent clean-out of manure is on schedule with no manure stockpiled.

No new violations observed.
